

Printen in kleur DESATL5

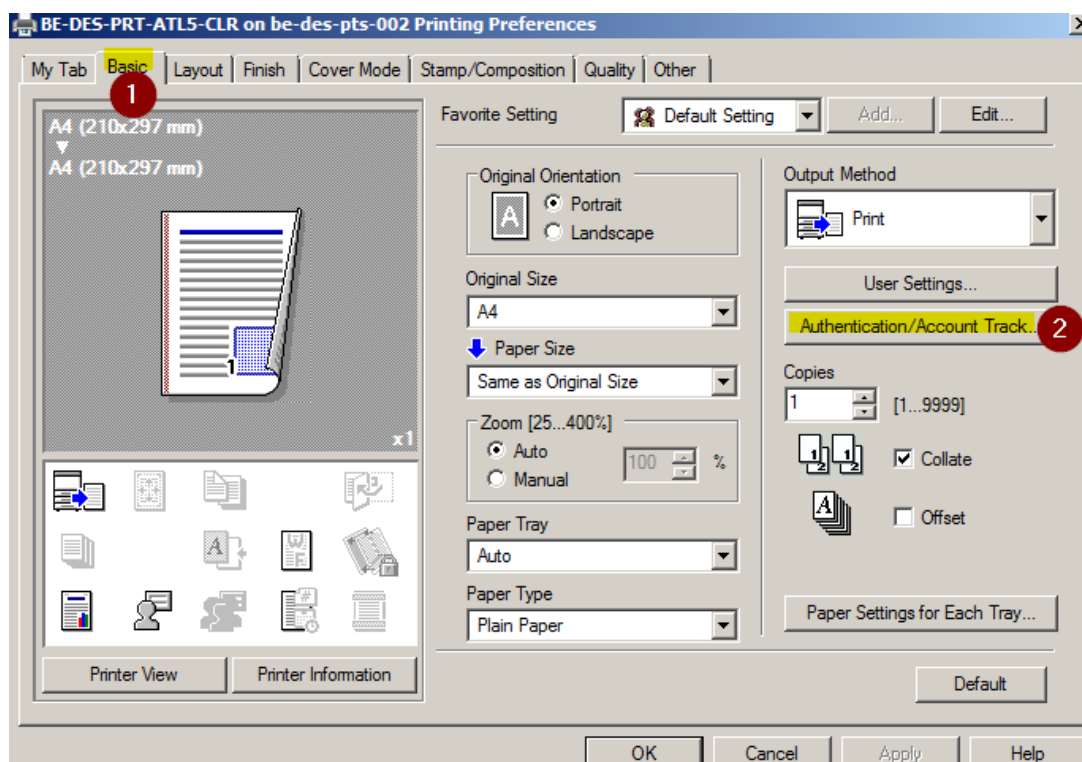

Open windows explorer (start, computer) en voer volgende in: \\be-des-pts-002\be-des-prt-atl5-clr (gevolgd door enter)

Volgend scherm opent, in dit scherm klikken op “Printer” → “Printing Preferences...”

Klik in het volgend scherm op “Basic” → “Authentication/Account Track...”

Selecteer “Recipient User” en vul als gebruikersnaam “kleur” en wachtwoord “kleur” in. Klik vervolgens op verify om de ingevulde gegevens te controleren. Hierna sluiten door te klikken op OK.

The image shows a Windows-style dialog box titled "User Authentication/Account Track". It is divided into two main sections: "User Authentication" on the left and "Account Track" on the right. In the "User Authentication" section, there are two radio buttons: "Public User" and "Recipient User". The "Recipient User" option is selected and marked with a red circle containing the number 1. Below these are two text input fields: "User Name" containing the text "kleur" (marked with a red circle 2) and "Password" containing five dots (marked with a red circle 3). A "Server Setting..." button is located below the password field. The "Account Track" section contains two empty text input fields labeled "Department Name" and "Password". A "Verify" button is positioned between the two sections, marked with a red circle 4. At the bottom of the dialog, there are three buttons: "OK" (marked with a red circle 5), "Cancel", and "Help".

Het is nu mogelijk om in kleur te printen door bij het afdrukken de printer be-des-prt-atl5-CLR te kiezen.
